

KaamYaar — Product Requirements Document (PRD)

Version: 1.0

Status: Pre-Build

Platform: Mobile Only (Android → iOS later)

1. Product Overview

Product Name

KaamYaar

Tagline

Trusted Help. On Demand.

Product Category

On-demand services marketplace.

Mission

Enable customers to find and book trusted service professionals instantly through a mobile experience.

Problem

People struggle to:

- Find trusted workers
- Compare availability
- Get fast service
- Track worker arrival
- Handle payments safely

Workers struggle to:

- Find customers
- Receive stable jobs
- Build reputation
- Manage work digitally

KaamYaar connects both.
